Dear teachers
I am Ritikas mother of 3rd Jasmine.
With this message I would like to appreciate your work. You are teaching with great patience and love which is really appreciable. My child is taking interest in online classes and putting efforts to complete given Assignment.
I would like to Thanks to all teachers for their support and guidance.

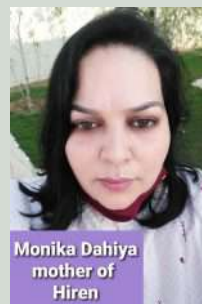

Online classes are an innovative way to keep the learning going on even during lock down. Ensures that children don't miss class and portions are covered and don't get burdened when school reopens. Children get to meet teachers and peers. Time is given for clearing doubts. The breaks in between give time for completing assignments and revision. Just a suggestion, once in a week there should be a quiz or question-answer session to find out how much the children have understood and retained.

I would like to express my appreciation towards all the teachers of Rishikul Vidyapeeth Sonipat for the commendable job they are doing with the 'Online Classes'. It truly is a new adventure for both the students and their teachers. Amid social distancing and stay home orders, teachers have turned out to be the real superheroes for our children. Preparing lessons, imparting the best of learning and at the same time maintaining discipline by keeping them engaged with various activities, all this without being physically present, calls for the highest appreciation. I am incredibly grateful to all the teachers. Thank you so much !
