Girls and Boys Counselling Session

16 October 2021

Counseling generally aims at making students aware of the untoward happenings. Counselling Sessions for Girls and Boys of Classes I - V were conducted separately on 16 October 2021 in which the students were told about the importance of personal, social, emotional hygiene and cleanliness. A skit was staged by the students on the same theme. It proved to be very insightful and productive for the students.

Parents' Testimonials

I am surprised to see the way of clearing all the concepts and completing the syllabus within stipulated time during the Pandemic. My child is learning and understanding all the topics discussed in the class easily.

Online Class is a great initiative taken by the teachers to provide quality education even at home during this crucial time of Covid-19. This is a great step taken by the school management to prevent the loss of studies. Teachers not only teach in proper way and clear all doubts but they also make sure that students understand and learn properly. Whatever is taught, same is checked by giving regular online tests and exams. Thanks to all the teachers for their efforts and especially thanks to Sangeeta Madam for her loving & caring nature.

I am very much satisfied with Online Classes of my daughter. I would like to thank all the teachers and management of school for arranging such good online platform for students. It is sure that Online Classes have some set backs and if they are taken care of positively, they can be extremely rewarding experiences.
