I would like to share that we are fully satisfied with this online mode of education. The school is trying its best & left no stone unturned in exploring new avenues of learning and to provide a sense of continuity & stability. We would like to appreciate the dynamic way in which all the teachers deliver their lessons & encourage participation of students in every activity. Online class is a great initiative during this phase to bridge the education gap. We wish for safety of all.

Hello everyone!
I am Chaitanya Sethi's mother, a student of 2nd Rose. Thanks for the efforts and taking care of my child. I would really like to appreciate teachers work in handling the kids so well and giving everyone an equal opportunity to speak and express themselves. Thank you all the teachers of Rishikul Vidyapeeth School. Thanqu all

Respected Sushila Ma'am and All the Teachers in Rishikul Vidyapeeth

I would like to express my gratitude towards all the teachers in Rishikul school for their commendable efforts to make the online learning experience so fruitful and interesting for all the kids during these trying times. It is not at all easy making all these presentations, worksheets, videos, class schedules, etc. All the teachers are working so hard, putting so much effort for each and every session, despite the fact they have their family and children to look after. My children, Rudransh (V Rose) and Chaitanya (II Rose) both are enjoying this new way of learning. Apart from academics, the Rishikul school is also focusing on the physical and mental growth through physical activity session from time to time, which again shows the kind of dedication the school and teachers have towards our kids.

Once again thank you all for creating such a fun yet educative environment, you're not just heroes to our children but I would say 'Magicians'. We are extremely happy to be a part of the Rishikul family.

With love, gratitude and a standing ovation.

Sushil Kumar
